

The screenshot displays the IntelliJ IDEA IDE interface. The top toolbar includes icons for Project, Run, and other development tools. The left sidebar shows a project tree with a package named 'TestCases' containing 14 test classes, with 'TestCases16' selected. The main editor window shows the source code of 'TestCases16.java', which extends 'TestBasic' and includes annotations for a test case: '@Test(description = "Test Case 16: Place Order: Login before Checkout")', '@Severity(SeverityLevel.CRITICAL)', '@Story("Place Order: Login before Checkout")', and '@Description("1. Launch browser\n2. Navigate to url \'http://automationexercise.com\'")'. The bottom panel is split into 'Threads & Variables' and 'Console'. The 'Console' tab shows the execution results of the test suite, indicating that all tests passed. The console output includes warnings about shutdown interruptions and a final message stating 'Process finished with exit code 0'. The status bar at the bottom shows the file path 'C:\Users\eva.novianti\AppData\Local\JetBrains\IdeaC2023.3\temp-testing-customsuite.xml' and the encoding 'UTF-8'.

16:14 CRLF UTF-8 4 spaces

The screenshot shows an IDE with a project explorer on the left containing a list of test cases (TestCase6 to TestCase20) and a 'utils' folder. The main editor displays the code for 'Testcase17.java', which includes a Selenium test method 'verifyThatProductIsRemovedFromTheCart()' using annotations like '@Step' and '@Test'. The bottom panel shows the 'Run' output for 'Testcase17', indicating that the test passed successfully with an exit code of 0. The status bar at the bottom shows the file path 'AutomationAdvancedExercise_Selenium > src > test > java > com > automationexercise > tests > Testcase17' and encoding settings '38:2 CRLF UTF-8 4 spaces'.

TestCase18

The screenshot displays an IDE with the following components:

- Project Explorer:** A list of test cases from TestCase6 to TestCase20, with TestCase18 selected.
- Editor:** The code for `TestCase18.java` is shown. It includes a `@Step` annotation for verifying navigation to a category page and a `private void` method `verifyThatUserIsNavigatedToThatCategoryPage()` that performs several Selenium actions and an assertion.
- Run Panel:** Shows the execution of the `Default Suite` with `AutomationAdvancedExercise` and `TestCase18`. The results indicate `Tests passed: 1 of 1 test - 17 sec 43 ms`.
- Output Console:** Displays the test execution details, including the suite name, total tests run, passes, failures, and skips, followed by the message `Process finished with exit code 0`.

TestCase19

The screenshot displays an IDE with the following components:

- Project Explorer:** A list of test cases from TestCase6 to TestCase20, with TestCase19 selected.
- Editor:** The code for `TestCase19.java` is shown. It includes a `@Step` annotation for verifying navigation to a brand page and a `private void` method `verifyThatUserIsNavigatedToThatBrandPageAndCanSeeProducts()` that performs Selenium actions, including a loop to verify product names.
- Run Panel:** Shows the execution of the `Default Suite` with `AutomationAdvancedExercise` and `TestCase19`. The results indicate `Tests passed: 1 of 1 test - 18 sec 167 ms`.
- Output Console:** Displays the test execution details, including the suite name, total tests run, passes, failures, and skips, followed by the message `Process finished with exit code 0`.

TestCase20

The screenshot displays an IDE interface with a project explorer on the left, a code editor in the center, and a run console at the bottom.

Project Explorer: Lists test cases from TestCase6 to TestCase17. TestCase20 is highlighted.

Code Editor: Shows the implementation of `searchProductsAndVerifyCartAfterLogin()` in `TestCase20.java`. The code includes steps for logging in, adding products to the cart, and verifying the cart's state.

```
public void searchProductsAndVerifyCartAfterLogin() throws IOException, ParseException, InterruptedException {
    TestCase8.verifyUserIsNavigatedToAllProductsPageSuccessfully();
    TestCase9.verifySearchedProductsIsVisible();
    List<String> productsNames = TestCase9.verifyAllTheProductsRelatedToSearchAreVisible();
    new ProductsPage(getDriver()).addAllProducts();
    clickCartButtonAndVerifyThatProductsAreVisibleInCart(productsNames);
    new HomePage(getDriver())
        .signupLoginClick()
        .fillCorrectLogin(JSONReader.existingUser( data: "email"), JSONReader.existingUser( data: "password"));
    verifyThatThoseProductsAreVisibleInCartAfterLoginAsWell(productsNames);
    verifyThatCartIsEmpty();
}
```

Run Console: Shows the execution of the test suite. The test passed successfully.

```
Default Suite
Total tests run: 1, Passes: 1, Failures: 0, Skips: 0
Process finished with exit code 0
```

The status bar at the bottom indicates the file path: `C:\Users>eva.noviati>AppData>Local>JetBrains>IdeaIC2023.3><temp-testing-customsuite.xml` with encoding settings: 43:6, CRLF, UTF-8, 4 spaces.

The screenshot displays an IDE with a project structure on the left, a code editor in the center, and a terminal at the bottom.

Project Structure:

- TestCases (1-20)
- utils
 - BrowserManager
 - JSONReader

Code Editor: Shows the XML structure of a test suite in `TestSuite.xml`.

```
<?xml version="1.0" encoding="UTF-8"?>
<!DOCTYPE suite SYSTEM "https://testing.org/testng-1.0.dtd">
<suite name="Suite" parallel="methods" thread-count="1">
  <test name="Test">
    <classes>
      <class name="com.automationexercise.tests.TestCase1"/>
      <class name="com.automationexercise.tests.TestCase2"/>
      <class name="com.automationexercise.tests.TestCase3"/>
      <class name="com.automationexercise.tests.TestCase4"/>
      <class name="com.automationexercise.tests.TestCase5"/>
      <class name="com.automationexercise.tests.TestCase6"/>
      <class name="com.automationexercise.tests.TestCase7"/>
    </classes>
  </test>
</suite>
```

Terminal Output:

```
1711518993699 CDP WARN Invalid browser preferences for CDP. Set "fission.webContentIsolationStrategy" to 0 and "fission.bfcacheInParent" to false before Firefox starts.
